Purpose

The developing nature of sport and new sports legislation is having an impact on the way clubs are to operate. Clubs need to be safe, well administered and structured, to provide an environment that is open and accessible to all participants. To help local sports clubs prepare for these new and exciting challenges, SportDundee aims to provide the direction and support necessary to help clubs fulfil their potential and play a key role in the Community.

By establishing links with organisations such as Leisure & Culture Dundee's Sports Development Section, Education Department, SALSC, sportscotland, SportTayside & Fife, SportDundee is in a unique position to offer members the very latest professional sports advice and information.
